

# Setting Up Discord

## Check your email

You will have received an email from Discord with the subject 'Verify Email'. (Check your spam folder if you can't find it).

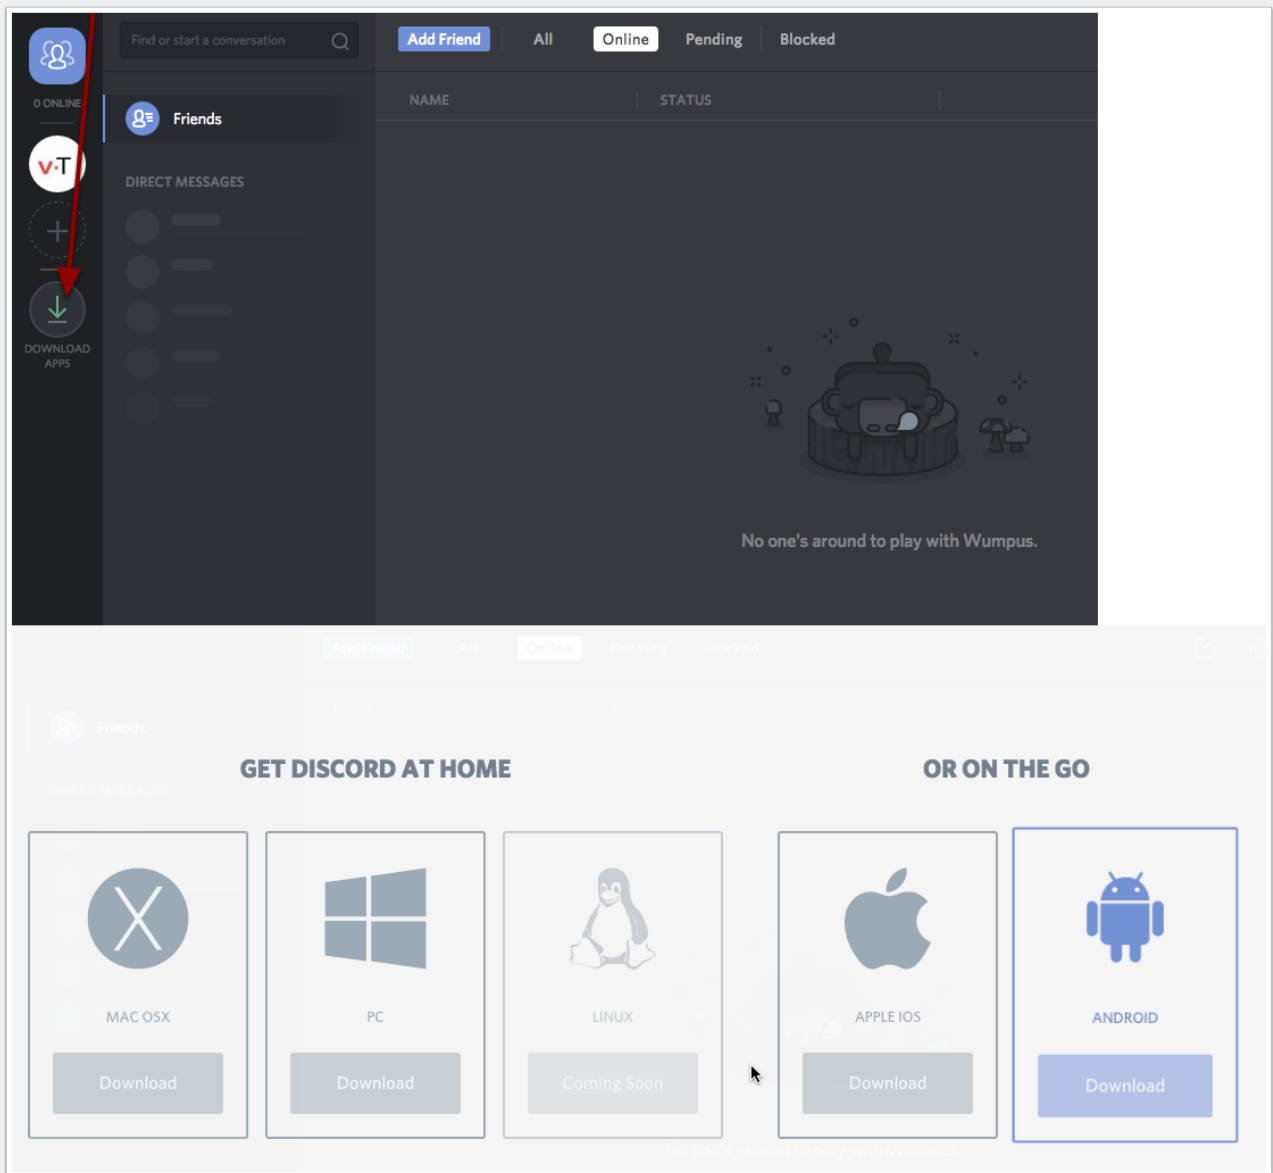

## Verify your account

Click the link to verify your account. If asked for a login use the details on your Set Up Discord task.

# Setting Up Discord

## Install Discord

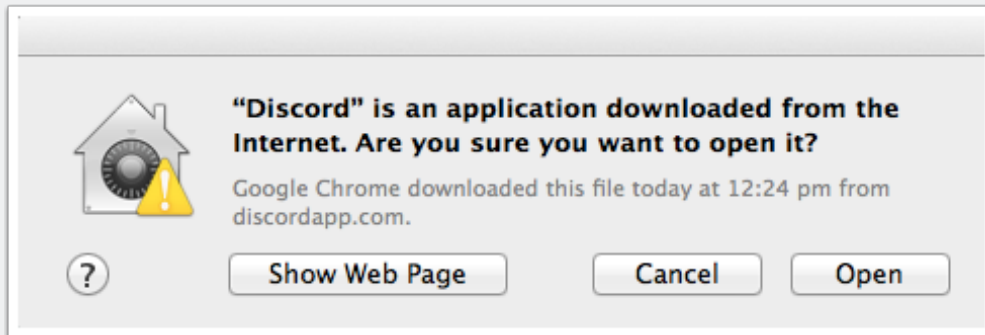

Click Download Apps on the left side of the window. Then when prompted select your correct operating system under 'Get Discord at home or on the go'. Open Discord in your Downloads folder and follow the prompts to install it.

# Setting Up Discord

## Open Discord

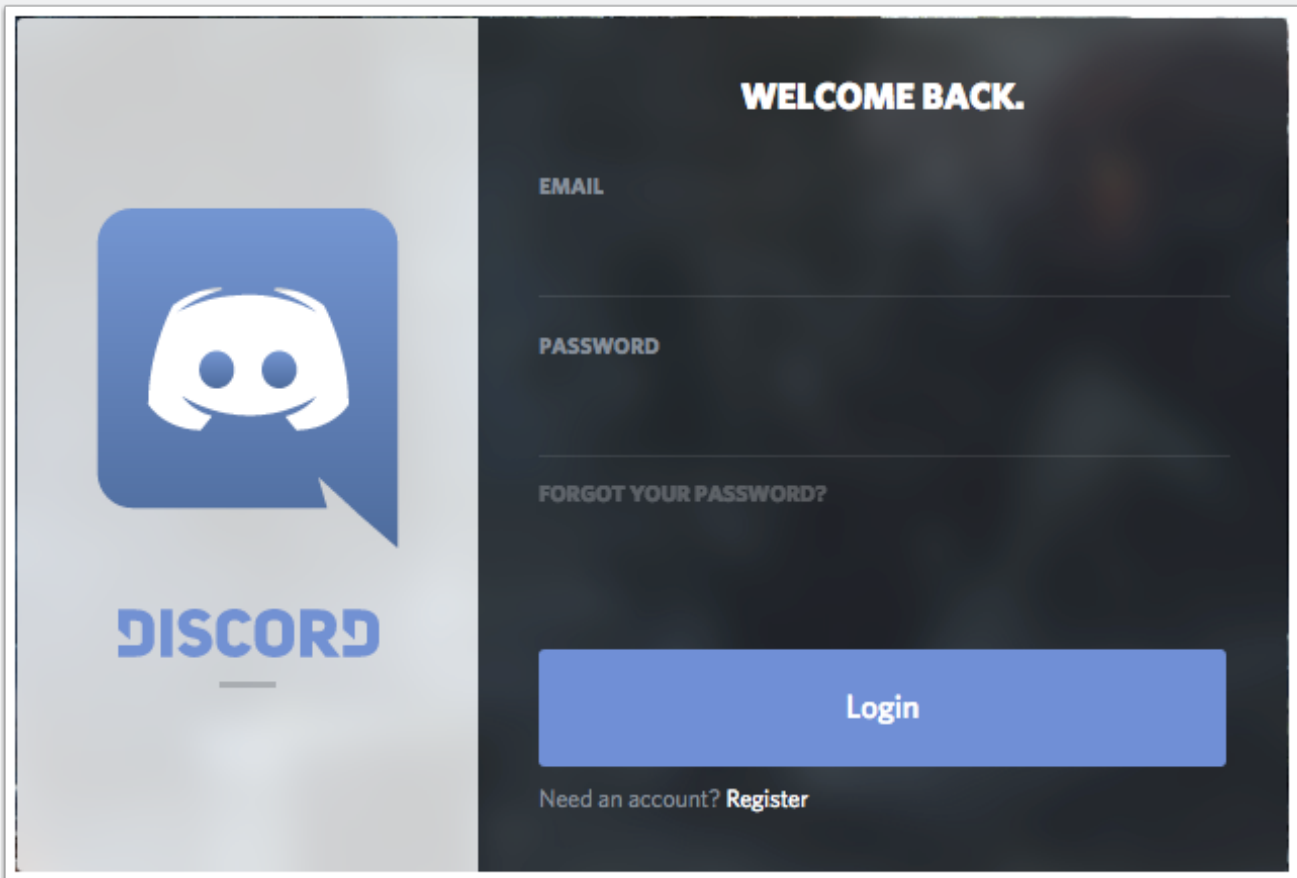

Open the Discord app. If a message similar to this appears click Open.

# Setting Up Discord

## Log in

Enter your login details found on your Set Up Discord task.

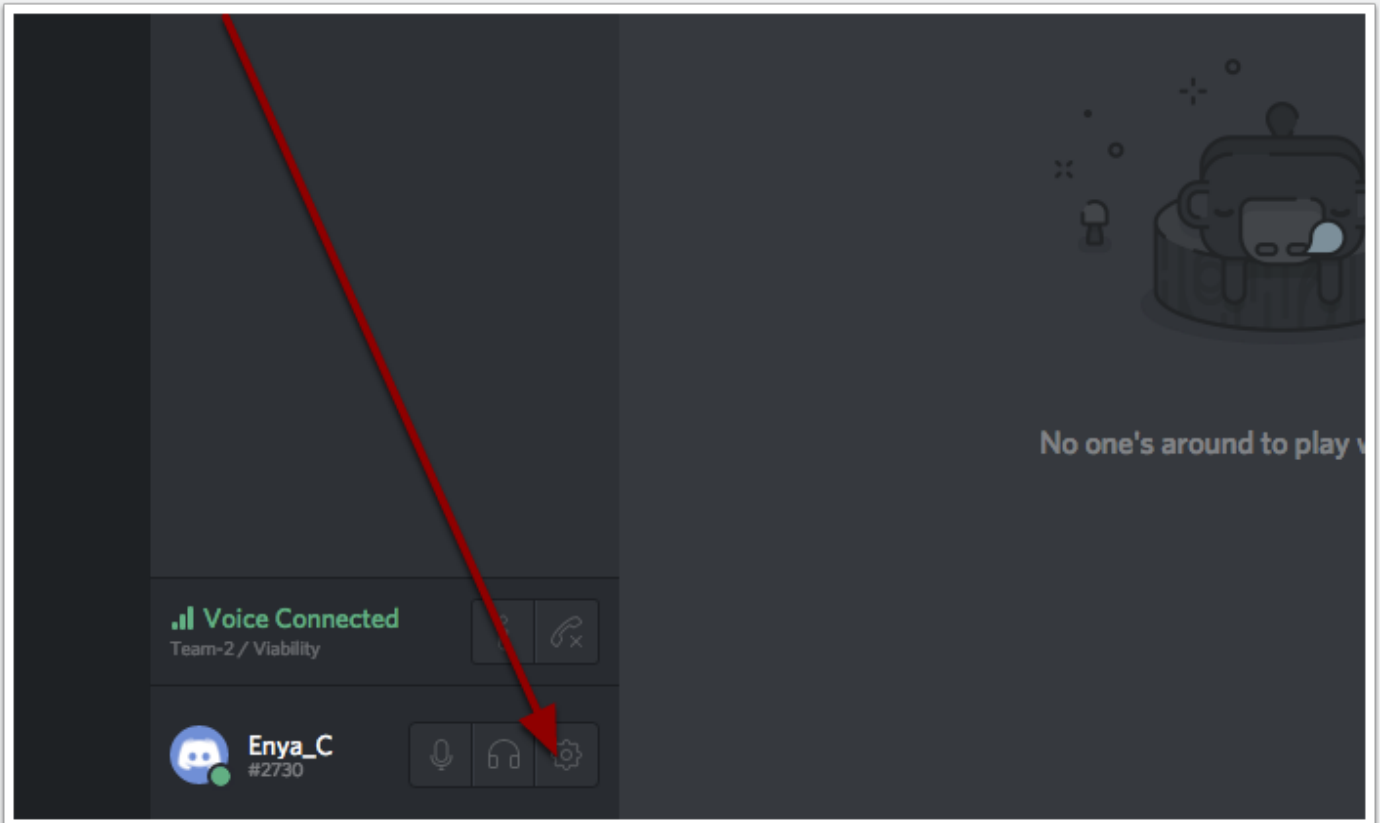

The image shows the Discord login interface. On the left, there is a grey vertical panel featuring the Discord logo (a white speech bubble with a blue outline and a white character inside) and the word "DISCORD" in blue capital letters below it. The right panel is dark grey and contains the text "WELCOME BACK." at the top. Below this, there are two input fields: "EMAIL" and "PASSWORD", each with a horizontal line underneath. Under the "PASSWORD" field, there is a link "FORGOT YOUR PASSWORD?". At the bottom of the right panel, there is a blue button labeled "Login" and a link "Need an account? Register" below it.

# Setting Up Discord

## Open User Settings

Click on the cog in the bottom left.

# Setting Up Discord

## Change your password

Enter your current password, click 'Change Password?', then enter a new password. If you also wish to use a different email address for Discord you can change that here as well. Click Done when you are finished.
